About me

I'm a junior front-end web developer passionate about creating clean, functional, and modern responsive interfaces. I enjoy combining design and code to optimize user experiences. I'm motivated to keep learning modern technologies and take part in projects that challenge me to grow professionally.

Technical Skills

Frontend	**HTML5, CSS3, JavaScript (ES6+), Bootstrap, SCSS**
Tools	**Git, GitHub, VS Code**
Design	**Figma, responsive design, UI/UX basics, mobile first**
Others	React+Vite, Node.js, npm, TypeScript

Soft Skills

Adaptability	**Adaptable and eager to learn new technologies**
Teamwork & Collaboration	**Great teamwork and collaboration in multidisciplinary projects.**
Creativity	**Creative mindset focused on improving user experience.**
Attention to Detail	**Strong attention to detail and UI consistency**

Projects

These are some of my personal projects

PhasmoGuide	**Responsive web app built with HTML, SASS, and JavaScript to organize game guides.**
Reminder	**Responisve web app built with React+Vite(TypeScript,HTML,CSS), Node.Js(TypeScript, Express)**
